

QUESTLIST

GAMIFIED BEHAVIOR GUIDANCE

We empower students to improve their executive functions through personalized, AI-driven school tasks, while connecting those in need of professional help with special needs assistants.

INCREASED ENGAGEMENT

QuestList makes school tasks more interactive and enjoyable, leading to higher user engagement and adherence.

IMPROVED MOTIVATION

QuestList incorporates rewarding elements, such as points and achievements, that boost motivation and encourage students to continue their tasks.

SKILL DEVELOPMENT

QuestList can help students develop practical coping skills, such as stress management and emotional regulation, through scaling challenges.
